Fertilizer Canada eLearning

Getting started with Fertilizer Canada's eLearning platform is simple. The only requirement is a computer with internet access. Registration on the site only takes a minute and users will have immediate access to the training module. Students learn at their own pace and on their own schedule.

Fertilizer Canada's eLearning was developed to provide continuing education to fertilizer industry workers. Our goal is provide formal training, and to be seen as a guide, an informer, and a reference to you and all your Canadian fertilizer needs.

If you are a new eLearning member, please register at the link below – it only takes a second.
If you are a returning member, please use your username and password to login below.

- » Go to elearning.fertilizercanada.ca
- » Select "Register" at the bottom of the page
- » Complete all the fields in order to register for eLearning
  *Note: if you are not a Certified Crop Advisor, you may leave the "CCA Certification Number" blank
- » Select "Submit Registration"
- » You are now registered and can begin taking courses
- » Fertilizer Canada's eLearning course list will appear on your screen
- » You may begin taking the 4R Nutrient Stewardship Training - Part 1 by scrolling down to the course and selecting "Launch"

4R Nutrient Stewardship Training: Part 1, Part 2, Part 3

This 3 section course takes an in-depth look at the principles, practices and planning required to develop and implement a 4R Nutrient Stewardship plan on-farm. Students wishing to obtain a certificate of completion and/or CCA CEUs must complete all of the section quizzes.

If obtaining CEUs are not a concern, the course is FREE with the following promo codes:
Part 1 Exam: Farmer1
Part 2 Exam: Farmer2
Part 3 Exam: Farmer3

A Certified Crop Advisor will get 5.5 Continuing Education Credits (CEUs) under Nutrient Management upon completion of all three modules of the course and the exam for a $50 fee.
