

Become a 4R Champion

4R Champions are advocates for the 4R Solution project and incorporate 4R Nutrient Stewardship framework into agriculture in their region.

4R Nutrient Stewardship empowers farmers with the knowledge & resources they need to utilize a framework that improves economics, farm productivity and fertilizer efficiency, while benefiting the environment.

Apply to be a 4R Champion

You can demonstrate your 4R micro project, qualify for funding and expand your project. **Anyone can apply!** We especially urge academics, NGOs and students to apply.

To apply, you need:

Completed certificate of the 4R Essentials online course. Available for free on our [website](#).

A recommendation from your employer, professor, not for profit organization, etc.

Your proposal and a short bio.

A recent headshot
